A New Competition.

A number of prominent Chicago capital-

company, with a large capital, to construct and operate a line of steel barge lake and canal boats for freight service between Chicago and New York via the lakes and Erie canal. The boats are to be 90 feet in length, 18 feet wide, and to draw 41/2 feet of water. The carrying capacity of the boats will be 450,000 pounds, and the estimated cost of each is \$8,000. Many errors have resulted from ing to the mileage books and the neglect, the chairman says, has given encourage-ment to manipulators of tickets.

A CHICAGO CONFERENCE

INDIANA GOLD DEMOCRATS START-ED THE BALL ROLLING.

Number of Western States to Be Represented at the Gathering There To-Night.

If anybody imagines that the soundnoney sentiment among Indiana Democrats is dying out he is making a grave mistake. In the whole country there are no more energetic foes of the heresies incorporated in the Chicago platform than right here in Indiana. It is not generally known that the call for the sound-money conference to be held at Chicago to-night emanated from Indianapolis, but such is the case. It was intended to keep the matter secret until it leaked out at St. Louis Tuesday night.

On Monday last a number of telegrams were sent from here, of which the follow-

ing, sent to Louisville, is a sample: "Indianapolis, Ind., July 20.-Hon, W. B. Jaldeman, Louisville, Ky.: Immediate acion is necessary to preserve and crystallize sound-money sentiment. We ask for conference, composed of two or more representatives from each of the States of fissouri, Illinois, Wisconsin, Minnesota, Michigan, Kentucky, Ohio and Indiana at Auditorium Annex, in Chicago, Thursday, July 23, at 8 p. m. Will yourself and col-league, Mr. Phelps, join us, or see that your State is represented? Have telegraphed parties from each State. Answer. S. O. Pickens, chairman Democratic Soundmoney League; W. D. Bynum, John R. Wilson, J. P. Frenzel.

Responses have been received from Minnesota, Nebraska, Iowa, Illinois, Wisconsin, Michigan, Missouri, Ohio and Kentucky, which, with Indiana, will make ten States represented. There is little doubt that this conference will result in a call for another Democratic convention and the cratic ticket in the field. As is well known, the Democrats of the East will join gladly in such a movement, but they preferred that any steps in this direction should be left first for the Western States, where the battle must be fought, to determine, The Kentucky, Illinois, Missouri, Minneso ta and Michigan delegations are in favor of a third ticket, and the Indiana delega-The Acton management did not make a | tion will probably also favor it. The delegation from this State will be composed of 8. O. Pickens, W. D. Bynum, John R. Wilson, John P. Frenzel, John T. Dye and Alcago this noon. The Kentucky delegation composed of George M. Davie, W. B. Haldeman, Zack Phelos, Thomas W. Bullitt, R. W. Knott, A. J. Carroll, George W. Norton, Lee Bloom and Frank Hagan, passed through the city on their way to Chicago on the Panhandle last night at 11:30 o'clock. Among the distinguished Democrats who will attend are: Senator Vilas and General Bragg of Wisconsin, Don M. Dickinson of Michigan, and Senator Palmer of Illinois. It is thought that if the conference decides At 9:30 Mrs. Vayhinger conducted a song | to call a new convention it will be held about Aug. 25. But whether this is done or not, the conference will result in an organization of the sound-money Democrats, through which they will make an open and aggressive campaign, with a system of sound-money Democratic clubs permeating all cities of any size, and a regular speaking campaign. One of the most serious questions to be determined is whether or not the sound-money Democrats shall make congressional nominations. Whether or to the various States.

not State tickets shall be named will be left Invented the Robbery Story. H. G. Ehlers, No. 647 South Meridian street, who came to the police station last Monday and claimed that he had been robbed while passing the Manual Training School, on his wheel, the night before, confessed to Superintendent Colbert vesterday that his story was not tru. Ehlers works at the New York store, earning about \$5 a week, and of this amount he turns over to his mother all but 50 cents. It was to keep from doing this that he invented the story which he told to the police. He had intended taking a vacation and wanted that money to spend while away, and when he told the story to his mother, she made him report the matter to the police. The boy broke down entirely when he made his confession
